

## Get Road Ready With Prestone Family Checklist

### Use the Rand McNally tools.

Use the Rand McNally tools on [www.GetRoadReady.com](http://www.GetRoadReady.com) to plan your route and stops along the way.

### Pre-package Snacks.

Pre-packaging snacks such as sandwiches, trail mix, juice boxes, fruits, and vegetables can save a lot of money when compared to stopping for food at rest areas or drive-thrus. A cooler, cutting board and knife can go a long way to saving.

### Pre-plan Travel Activities.

Travel games, trivia, crayons, and toys to keep the children occupied (see some of our suggestions)

### Camera.

A camera is essential to capturing the fun and spontaneity of a family vacation.

### Blankets and Pillows.

Bring blankets and pillows for any trip requiring more than a few hours of travel.

### Educational CD/DVD's.

Educational CD's or DVD's are especially good as a family trip is a great time to help your children learn.

### The Blink® family of car care products.

The Blink® family of car care products can help keep the cabin in order whether you are traveling for a few hours, few days, or few weeks.

- o [Trash Tossers](#) slide easily into the seat-back pocket and provide an easy destination for the trash that piles up over the course of the trip
- o [Tidy Totes](#) keep toys, games, and loose articles organized and out of the way.
- o [Mess Lifters](#) remove stubborn stains such as coffee and juice.
